

Box 1050 • Lac La Biche, AB • T0A 2C0 • Ph: 780 623 4000 • Fx: 780 623 4900 • info@llbgascoop.com

Before your application goes to the construction department we must have the following:

- Customer Contract
- Application for Natural Gas
- Payment in full
- Alignment agreement – (diagram of where you would agree to have the gas line enter the property and where on the building you would like the meter)
- Utility Right of Way
- Copy of your Land Title

Before we enter your property, the following must be done:

- Basement must be backfilled
- Modular must be on its foundation
- Mark meter location with a marked wooden lathe

After construction, there will only be a riser coming out of the ground.

- Billing will commence with a voluntary one-time \$5 membership fee, and a monthly fixed rate.
- To get a meter: We will need a copy of an “Issued Gas permit” from LLB County, along with a completed “Service completion notification” that your gasfitter must complete, email to ccraig@llbgascoop.com or Fax to 780-623-4900 and a meter will be installed within 24-48 hours.

Welcome to the Lac La Biche District Natural Gas Coop Ltd.

- Notify us immediately if you smell gas or leaks, or if our gas lines are damaged.
- Please check your billing each month, if there are any discrepancies; please call us to check out the meter.
- Ensure that lines, meter and regulator are kept free from obstacles and snow.
- For locating your gas lines, please contact Alberta One Call 1-800-242-3447
- The Gas Coop also provides 24 hour emergency line; incl. furnace & heater repairs.
- Billing payments: At LLB Gas Co-op office by credit card, interact, cheque, cash, online banking, and preauthorized debit.

If you have any questions or concerns, please feel free to call me at 780-623-4000.
